Answer: B,C

Question No : 3 HOTSPOT

Click the area where you find WWN's and MAC addresses that are pre-configured or user-defined from the settings menu.

HP HPE2-T34 : Practice Test

The screenshot shows the HP OneView Settings page. The top navigation bar includes the OneView logo, a search bar, and utility icons. The main content area is divided into several sections:

- Appliance >**: Firmware: 4.0005-032561; Appliance status: OK; Links: Update appliance, Create support dump.
- Backup >**: Frequency: not set; Last downloaded backup created at: Jan 12 8:29:12 am (13 days ago); Current backup created at: none; Link: Create backup.
- Networking >**: Network Status: [graph]; Host name: [text]; Appliance IP address: [text]; Gateway address: [text]; Primary DNS: [text].
- Time and Locale >**: Time: 1/23/18 10:54:35 am (UTC -0600); Locale: English (United States).
- Security >**: Directories: Local default; Link: Manage certificates.
- Activity >**: [empty section]
- Proxy >**: not set.
- Notifications >**: Alert email filters: Disabled; Filters: none.
- SNMP >**: [empty section]
- Addresses and Identifiers >**: [empty section]
- Licenses >**: Licenses: none; Link: Add.
- Scopes >**: none; Link: Create scope.

Answer:

This screenshot is identical to the one above, but with a dashed green rectangular box highlighting the **Notifications >** section. The highlighted section shows: Alert email filters: Disabled; Filters: none.

Explanation:

This screenshot is identical to the one above, but with a plus sign icon (+) placed in the **Notifications >** section, specifically between the 'Alert email filters' and 'Filters' labels.

- A. with the same state (monitored or managed) as the iPDU
- B. in an unmanaged state
- C. as managed devices if they have iLO Advanced license applied
- D. as monitored devices

Answer: D

Question No : 5

Which resource categories can be included in a scope? (Select two.)

- A. racks
- B. firmware bundles
- C. data centers
- D. enclosures

Answer: A,B

Question No : 6

For multiple events to be identified as an SNMP trap storm, what criteria must the traps meet? (Select three.)

- A. have the same hostname
- B. are within 1 second of the previous event
- C. have the same trap identifier
- D. have the same number of variable string values
- E. are from the same device
- F. originate from the same MAC addresses

Answer: A,B,E

Question No : 7

What is the earliest Server generation supported in HPE OneView for Secure Boot configuration within the Server Profile Template?

- A. Gen7
- B. Gen10
- C. Gen8
- D. Gen9

Answer: C

Question No : 8

Your customer is planning to use HPE OneView to manage the following environment:

- * 4 HPE BladeSystem c7000 enclosures with BL460c Gen10 and Virtual Connect modules
- * 20 HPE ProLiant DL380 Gen10 servers
- * 1 HPE 3PAR StoreServ array

Which components will need an HPE OneView license? (Select two.)

- A. DL380 Gen10 servers
- B. c7000 enclosures
- C. 3PAR array
- D. BL460c Gen10 server blades
- E. Virtual Connect modules

Answer: C,D

Question No : 9

A customer has a single BladeSystem environment running Virtual Connect and VMware ESXi. The customer wants to manage the enclosure with HPE OneView. What must the customer consider?

- A. The Management Ring can not talk to the production VLAN.
- B. The HPE OneView appliance can not reside in an enclosure it manages.
- C. Virtual Connect Enterprise Manager (VCEM) is not supported with VMware.
- D. HPE OneView for VMware vCenter is licensed separately at an additional cost.

Answer: C

Question No : 10

Refer to the exhibit.

A solution architect is setting up a Synergy configuration for a customer. The customer wants their redundancy level to be Highly Available. What is preventing this option from being available for the customer?

- A. HA is only supported in mixed speed environments.
- B. HA is not supported in Interconnect Bay set 3.
- C. HA requires multiple frames in the fabric domain.
- D. Synergy doesn't support an HA fabric configuration on the Virtual Connect SE 40GB F8 module for Synergy.

Answer: C
