As product manager for the company's RebelX line, you are responsible for all aspects of production, including managing your supplier relationships. You have a connected channel called #supplier-bindings with one of your suppliers based in Osaka, Japan, and you use this channel to plan shipments of bindings and manage all interactions with this supplier.

Unfortunately, one of the supplier's deliveries has not arrived, and if you don't receive it by next week, your inventory and sales will be negatively affected.

Because of the timezone difference, you need to notify all channel members about the delay so they are aware as soon as possible or tomorrow morning at the start of the business day.

What should you do?

- A. Send a message that includes an @channel and @here to #supplier-bindings.
- B. Send a message that includes an @channel and @everyone to #supplier-bindings.
- C. Send an @everyone in a message to your workspace-wide #general channel.
- D. Direct message your key contact who belongs to the connected channel, so they are directly informed.

Answer: D
